PROFILE SUMMARY

Product-minded professional with 4+ years at Amazon **delivering features, cost optimizations, and UX improvements** impacting millions of users. Leverages strong technical depth and MBA training to **translate user insights into scalable product** and GTM strategies

PROFESSIONAL EXPERIENCE

Software Support Engineer – II, Amazon India Pvt. Ltd, Oct 2022 - Apr 2025

- Led the launch of India's eBook "Add to eBook Cart" feature in a **4-week sprint**, aligning engineering and QA to successfully deploy a **dedicated, regional digital checkout flow**
- Optimized the Book Detail Page UI by migrating the media matrix swatch to a dedicated right-side zone, standardizing the digital layout and driving a measurable increase in **format selection click-through rates by 15%**
- Spearheaded the 0-to-1 development of a unified feature-monitoring dashboard, instrumenting code-level metrics and CDK alarms to accelerate anomaly detection and recover **5 weeks of engineering bandwidth**
- Architected the zero-downtime deprecation of legacy routing infrastructure and redundant pipelines, streamlining backend architecture to drive a **50% reduction in AWS cloud hosting costs**

Device Associate, Amazon India Pvt. Ltd, Mar 2021 - Oct 2022

- Synthesized user experience data to architect **30+ new testing scenarios**, proactively mitigating customer friction and driving a **25% reduction in pre-release product defects**
- Designed and implemented a thermal stress-testing protocol for Amazon Echo hardware, closing a critical validation gap to standardize **launch-readiness performance benchmarks**

PROJECTS

AI-Powered Equity Research & Forensic Terminal (Personal Development):

- Built a 0-to-1 AI-powered equity research product **reducing analysis time by 60%**, by identifying inefficiencies in investor workflows and automating multi-source data aggregation
- Architected a zero-cost, highly efficient data pipeline by circumventing API rate limits through custom DOM-parsing, ensuring **uninterrupted data extraction for Indian equities**

Apollo 24/7 - Market Expansion White-Paper Study:

- Directed a mixed-methods market expansion study for Apollo 24/7, triangulating primary surveys and thematic app-review analysis to pinpoint **operational friction over clinical quality** as the core churn driver
- Formulated a Go-To-Market strategy for the Youth Health Initiative, proposing a scalable **hybrid digital-physical clinic model** to capture the underserved Gen-Z college demographic
