

PROFILE SUMMARY

Product-focused professional with 4+ years driving **release governance, platform reliability, and feature launches across high-traffic Amazon systems**. Experienced in translating operational signals into measurable product outcomes and cross-functional execution

PROFESSIONAL EXPERIENCE

S/W Support Engineer – II, Amazon India Pvt. Ltd, Oct 2022 – Apr 2025

- Enabled the **launch of 200+ feature releases on the Books Detail Page platform** by owning release governance across 5+ production pipelines, ensuring zero-downtime deployments for a high-traffic customer surface
- Built and consolidated **feature-level performance dashboards tracking 15+ product health metrics (KPIs)**, improving anomaly detection speed and supporting leadership-level launch reviews
- Reduced **production incident volume by 60%** through monitoring redesign and alarm audits, improving post-launch feature stability and protecting customer experience
- Contributed to the **deployment and stabilization of the “Quality Issues Reported” feature**, coordinating partner-team flag updates across 5+ production pipelines and ensuring zero customer-facing regressions during rollout

Device Associate, Amazon India Pvt. Ltd, Mar 2021 – Oct 2022

- Strengthened launch readiness for Amazon Echo Devices by defining 30+ additional user scenarios, expanding acceptance coverage and **reducing pre-release defects during testing cycles**
- Designed and implemented a thermal stress-testing protocol for software releases, **closing a critical validation gap and standardizing performance risk checks** across all subsequent device launches

KEY PROJECTS

AI Stock Analyzer (Personal Development):

- Built an AI-driven equity analysis platform for investors, **reducing manual audit time by 60%** and improving screening speed by 5x.
- Designed a resilient data architecture ensuring uninterrupted performance despite API constraints

Apollo 24/7 - Market Expansion White-Paper Study:

- Led a mixed-method research study (150+ users)** to identify product and service gaps, converting customer insights into structured product recommendations.
- Proposed a scalable GTM model targeting Tier-1 and Tier-2 markets to improve early-stage adoption and brand loyalty

EDUCATIONAL QUALIFICATIONS

Degree	College/University	%/CGPA (Year)
PGPM	Great Lakes Institute of Management, Chennai.	3.22/4.00 (2026)
B.E. (CSE)	Velammal Engineering College, Chennai.	7.85/10.0 (2020)
